## CAREER PROFILE

Practical Asp .Net Web Developer, I have experience and skills in web development, systems analysis, and the creation of advanced databases that suit the client's requirements with efficiency and high performance using modern technologies. I am interested in developing myself continuously and keeping track of modern technologies and learning them and gaining experience and skills from wherever,

I am a fast learner and am skilled at Asp net MVC, Asp net Core MVC, Asp net Core API, angular, AJAX, MSSQL,

JQuery, JavaScript, HTML, CSS, Bootstrap 3,4, and angular. I understand the value of time management and clear communication, and I'm great at working with teams to get projects done right.

My adaptability allows me to work in many different environments and speak with people from various backgrounds. I am looking forward to taking on this new position with your company.

## Skills

✓ Asp .NET MVC ✓ Asp .NET Core ✓ Asp .NET API ✓  
Angular ✓ AJAX ✓ API ✓ MSSQL ✓ jQuery ✓ JavaScript  
✓ HTML ✓ CSS ✓ Bootstrap 3,4  
✓ python

## Languages

- Arabic — Native
- English — Intermediate

## Work Experience

**web developer • SAT Company**

March 2021 - Present

I have the necessary experience to build web applications using **asp.net core**

I have worked on more than one project, including a business presentation.

Website link <http://spicedelevary.somee.com/> And a website for a restaurant that offers its services in the form of delivery

Link to the website <http://portfilyou.somee.com/> I have created: more than one website API

<https://yabous-alquds.com/> I trained at an SAT company and worked with them to create a website that displays the news that is happening in Jerusalem.

Link to the website <https://github.com/AlaaHassanAshour> I am looking for a job or training to develop my skills. I have a passion for learning. I hope to get what I want.

## Projects

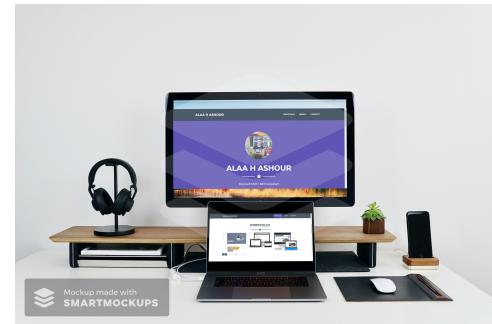

### Spicy

It is a website for a restaurant that provides its services in the form of delivery through which the user can browse the meals and buy the appropriate meal.

website link

<http://spicedelevary.somee.com/>

### portfolio

A site to display my own work responsibly to all screen sizes.

This site was designed by

HTML, CSS, bootstrap, js, ajax

, and then programmed by

C#, asp. Net core

link website

<http://portfilyou.somee.com/>

### بيوس القدس

موقع بوابة القدس وهو موقع يهتم بالاحداث التي تحصل في فلسطين عامة وفي القدس خاصة

كما انه متواجد مع جميع الشاشات

<https://yabous-alquds.com>

## CMA

CMS is computer software or an application that uses a database to manage all content, and it can be used when developing a website. A CMS can therefore be used to update content and/or your website structure.
